

Insta360 Connect

Dual-camera AI video bar.

33ft Crystal-Clear Voice Pickup

A 14-microphone array and cutting-edge 3A algorithm pick up voices up to 33ft away with balanced volume, supreme clarity, and a natural, immersive sound.

Speaker Tracking

Multi-modal recognition technology precisely tracks the speaker and keeps them center stage throughout.

Dual-4K Cameras

A wide-angle and a telephoto gimbal camera work seamlessly together, capturing 4K group views and individual close-ups for unparalleled meeting visuals.
