

**YOUR VOICE,
AMPLIFIED**

AVer AmpliWave Go

Portable Audio System

The AVer AmpliWave Go is a portable audio system that enhances classroom engagement with exceptional sound clarity and flexibility. Its 30W speaker provides reliable audio performance, ideal for K-12 learning spaces. Lightweight and mobile, it adapts seamlessly to diverse teaching environments, supporting inclusive classroom technology for rich learning experiences while remaining energy-efficient and user-friendly.

Product Specifications

Speaker		Wireless Microphone

Designed for Extreme Portability

Voice Priority Technology

ALD Compatible

Multiple Connections Support

8-Hour Playtime

5-Year Warranty

**Voice Priority :
Make Your Voice Be Heard**

AmpliWave Go revolutionizes classroom audio with its intelligent voice priority technology. By detecting the teacher's voice, it automatically lowers background music or other audio to ensure that critical instructions are always clearly heard. This feature guarantees uninterrupted learning and keeps students engaged during every lesson.

**Support Hearing
Devices with Ease**

The AmpliWave Go includes an ALD-ready output, supporting assistive listening devices to help students with hearing challenges. This thoughtful addition promotes inclusive learning, allowing every student to fully participate in classroom activities.

**Audio Connections
for Every Need**

AmpliWave Go makes classroom audio management effortless with Bluetooth® 5.4 and USB connections. You can easily stream music for the class, share language-learning tracks, or record presentations for playback. Adapting to your needs, this system enhances every teaching moment with multi-function audio solutions.

**Portable Audio
That Moves with You**

Created for mobile teaching spaces, the AmpliWave Go lets you create the perfect setup anywhere. Its lightweight design, built-in hooks, and carrying handles provide portability, while its wall-mount and tripod options enable flexible installation. Easily transform any classroom into a collaborative learning space or presentation area.

**Long-Lasting Power
from a Single Charge**

Keep your classroom running smoothly with up to 8 hours of battery life from a single charge. The fast-charging and removable battery design helps with uninterrupted teaching, allowing you to power through extended lessons or quickly swap batteries for even longer use.

Priority Info, at a Glance

The AmpliWave Go's custom display screen provides data for items such as battery level, connections, or volume. Its 30-second power-saving mode dims the display to extend its battery life. This intuitive interface helps teachers stay focused on what matters most—effective teaching and student learning.
