## INTELLIGENT PLUG AND PLAY

### All-in-one

Perfect for a BYOD (Bring Your Own Device) environment, this plug and play camera bar features an integrated camera, microphone, and speaker.

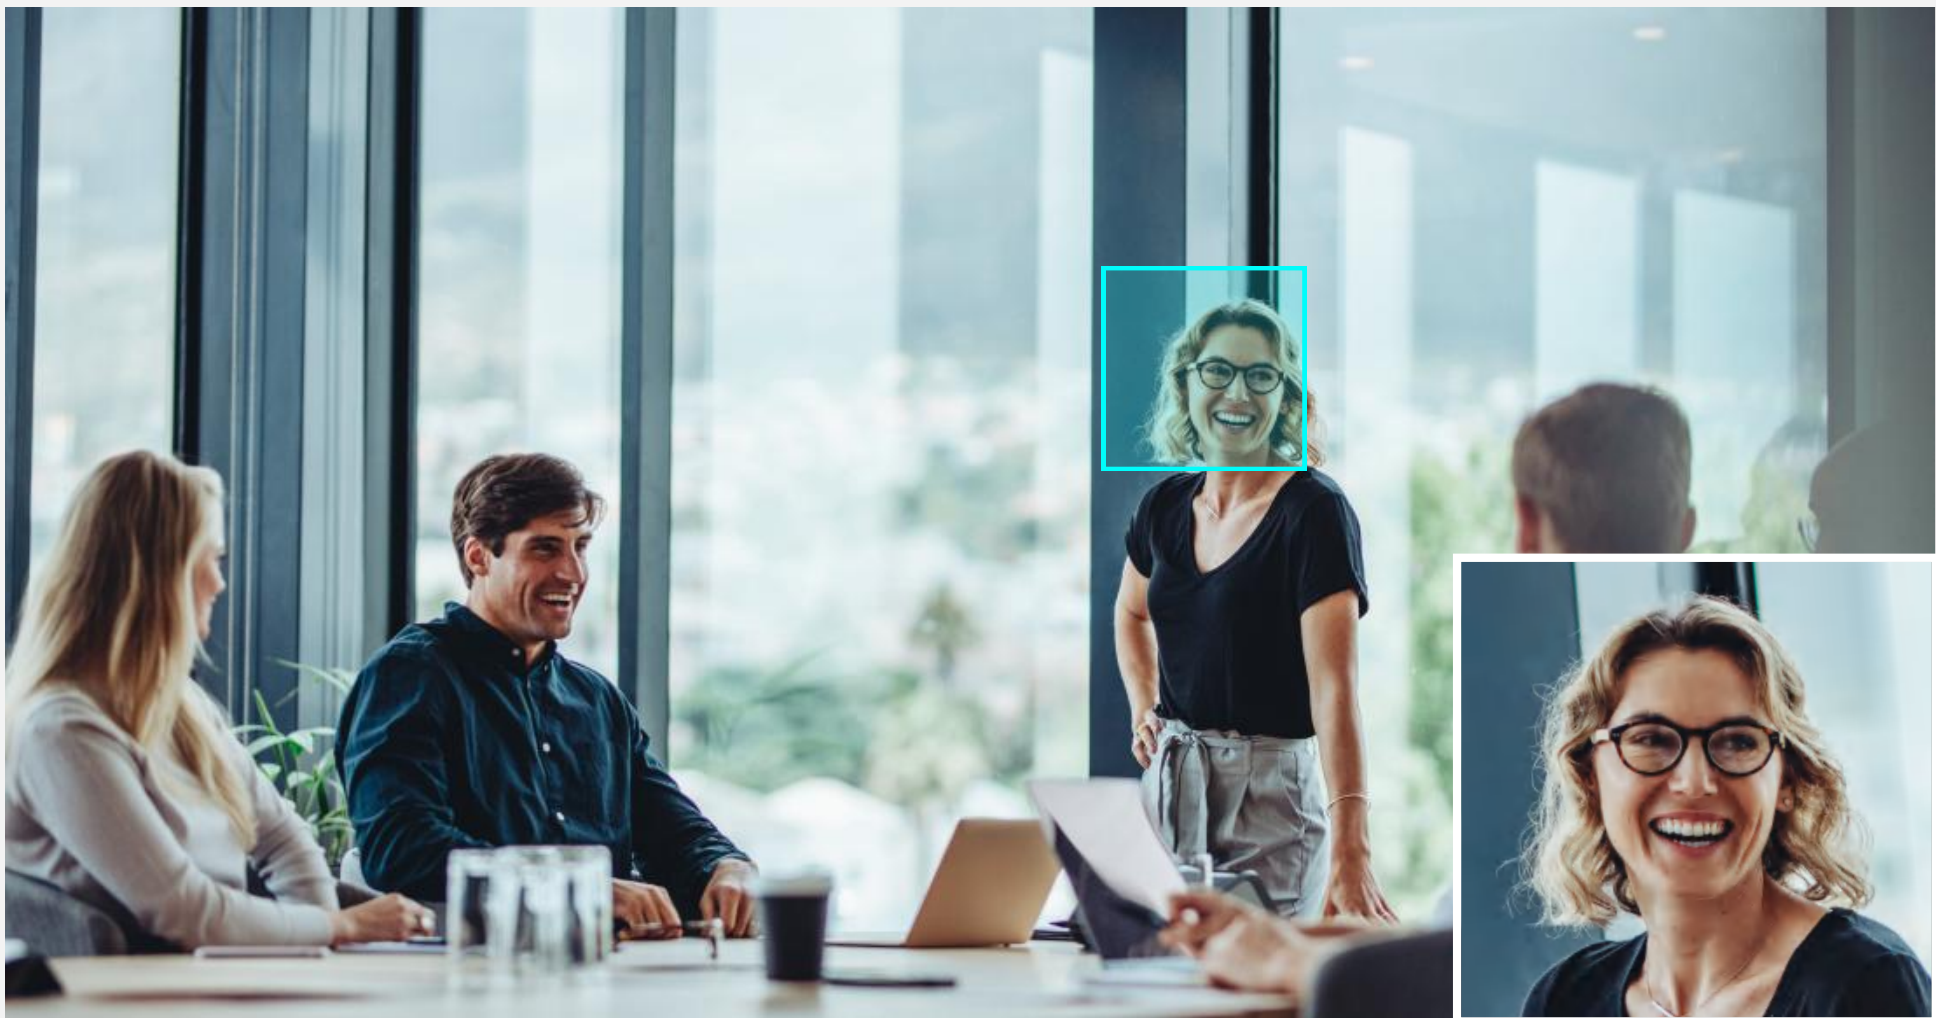

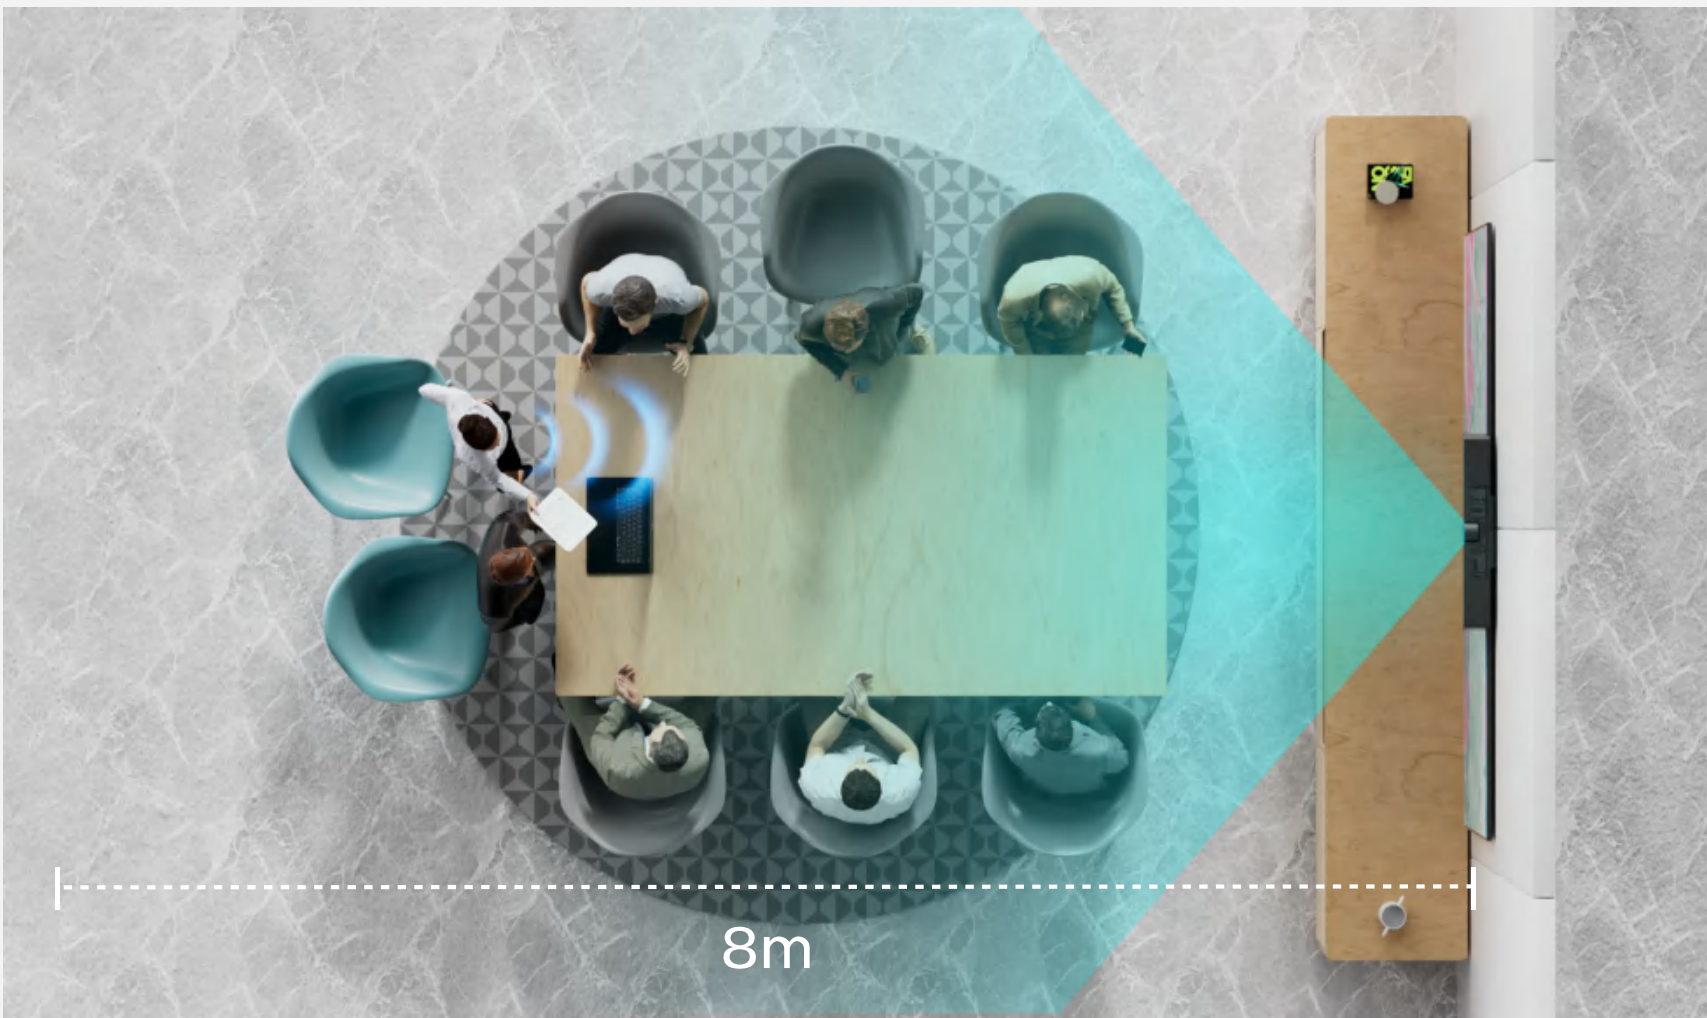

## SEE AND BE SEEN ALWAYS

### Easily auto-frame participants

Auto-framing with intelligent face detection seamlessly tracks the active speaker to keep participants engaged.

HEAR AND BE HEARD EVERYWHERE

Tracking you wherever you are

Ensure better conversation with the 6 intelligent beam-forming microphones featuring 8m voice pickup. With speaker tracking and voice location locking, you and your colleagues can always get your point across loud and clear. AGC maintains constant and stable voice output regardless of the speaker's distance from the microphone.

SEE AND BE SEEN ALWAYS

Razor-sharp focus from wide-angle to close-up

See everyone in the meeting room simultaneously using the wide-angle view or see a close-up of an individual attendee. The 5x digital focus is ideal for use in huddle rooms.
