THREE KEY BENEFITS

1

Direct LED for bright, natural colour

See billions of bright, natural colours on the BRAVIA 2 II. From deep shades that ooze atmosphere, to exhilarating highlights, our Live Colour display brings vibrant colour into your living room, complete with real-life texture. Whether you're watching a fantasy epic or a gritty documentary, you'll feel part of every world.

Upscale to 4K with X1 AI Processor

This realism is achieved by our AI-powered 4K X1 Processor. In fact, even old movies are given new life as our 4K X-Reality Pro technology upscales every pixel to near 4K quality. It ensures the original content's natural textures and details shine through, while using dynamic frame analysis and zone division to minimise unwanted noise. The result is crystal-clear entertainment, refined and lifelike.

2

3

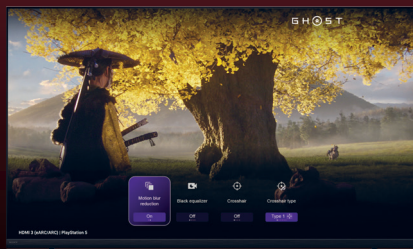

Cinema features in your home

With this TV, you can experience immersive Dolby Atmos and DTS:X sound straight out of a cinema, in your own living room.

SONY

Non-contractual visuals, information in this datasheet is subject to change without notice.

OTHER BENEFITS

	<h3>Smart TV</h3>	<p>Browse 100,000+ movies and TV episodes from across your favourite streaming services on this Google TV. With Google Assistant, you can control the BRAVIA 2 II using your voice. Just say "Hey Google" to find movies, play music, get answers to your questions. With Google Cast built-in and Apple AirPlay 2, you can easily share content from your smartphone, tablet, laptop, or computer straight on to the big screen.</p>	  
	<h3>Great for Gaming</h3>	<p>The Game Menu puts everything needed to win in one place. ALLM and eARC, are included, and PlayStation users can unlock extra gaming features. PS Remote Play lets you play from anywhere.</p>	 <h3>Game Menu ALLM</h3> <h3>HDR Tone Mapping & Auto Genre Picture Mode</h3>
	<h3>Eco Features</h3>	<p>To monitor your energy consumption and optimise your efficiency, use the brilliant Eco Dashboard 2. Here, all your energy settings are in one easy-to-use place. You can feel better knowing that you are making smarter decisions for the planet too. The BRAVIA 2 II not only uses recycled materials in its build, but the packaging is smaller and lighter, making for more efficient transportation.</p>	

TECHNICAL SPECIFICATIONS
