Key Benefits

Our best picture ever. Stunning by every measure | The future of colour is here, introducing True RGB. Our flagship BRAVIA has four times the colour volume of OLED and surpasses Mini LED highlights to present True RGB – virtually infinite in colour, brightness, and depth.

Best seat in the house, day or night | Immersive Black Screen Pro⁽¹⁾ is a unique screen treatment minimising reflections from sunlight or lamps while maintaining supremely deep black levels, so you can stay absorbed in the plot.

Cinema-like surround sound | Our Acoustic Multi Audio+ and Beam Tweeter deliver cinematic surround sound directly from the action on-screen – just like at the cinema⁽²⁾. Dolby Atmos and DTS:X bring the audio standard home⁽³⁾.

Minimalist One Slate Design | The One Slate design blends naturally into your living space and the Mirage Stand creates the illusion that the TV is floating from every angle⁽⁴⁾. Our premium backlit remote is included.

Smarter search, tailored picks, and the entertainment you love | Browse 400,000+ movies/TV episodes and 10,000+ apps/games on this Google TV – using just your voice⁽⁵⁾. Share content to the big screen with Google Cast built-in/Apple AirPlay 2 with compatible apps.

Level up your immersive gaming experience | Explore invincible gaming with our Game Menu 2 and 4K/120fps/VRR/ALLM available as features of HDMI 2.1⁽⁶⁾⁽⁷⁾. PlayStation 5 users will unlock more exclusive features, as well as the PS Remote Play app.

A world of movies included with BRAVIA | Enjoy a world of movies on SONY PICTURES CORE, powered by Pure Stream technology for supreme detail, with a vast IMAX Enhanced collection⁽⁸⁾. 10 movies and 24 months of unlimited streaming are included.

Efficient, sustainable and reliable design | True RGB boosts each colour with less energy – use the Eco Dashboard 2 to further optimise your consumption⁽⁹⁾. Recycled materials are used for the remote, and accessibility features are included.

Performance meets peace of mind | The fantastic picture & sound of our consumer TVs, with added peace of mind thanks to our Professional Service package and after sales support. 3 years standard cover, with an option to extend to 5 years.

(1) Not featured on 115" model. (2) The speaker configuration varies depending on the inch size.
 (3) Dolby Atmos or DTS:X content compatible with streaming services or compatible content device connected via HDMI input (sold separately).
 (4) The stand design varies depending on the inch size. (5) Some apps, contents and/or features may not be available in all countries. Subject to availability.
 (6) Game supporting 4K/120fps required. (7) The latest system software update on PS5 consoles is required for VRR to be available.
 (8) Feature availability depends on regions and countries. (9) Power consumption is approximate and may differ from the actual value.

BRAVIA 9 II
 FWD-XR95M2 RGB LED

- 4K HDR True RGB LED
- High Peak Brightness
- RGB Backlight Master Drive Pro
- XR™ Cognitive Processor
- Acoustic Multi Audio+
