

Description

The Pinnacle systems are the perfect combination of slim and sleek column loudspeakers with compact and powerful subwoofers.

The Pinnacle-KR102I is composed by a self powered Thunder-KS1 subwoofer, driving both the Kobra-KK102I on its top and a separate passive column system composed by one Thunder-KS2P subwoofers and one Kobra-KK102I.

The self powered Thunder-KS1 subwoofer with DSP is designed to be the core device in the sound reinforcement system: the dedicated K-array Connect mobile app provides an user friendly interface for remote control the DSP parameters and boost the system performance.

Resulting in a lightweight, flexible and elegant portable systems, the fine integration of the Kobra-KK102I line array loudspeakers with the compact and powerful Thunder-KS1 12" subwoofers deliver pristine sound in any application like lounge parties, private events, restaurants & cafes, yachts, and houses of worship.

- Stereo pair composed of a Thunder-KS1 or KS1P 12" subwoofer + one Kobra-KK102I line array loudspeakers per side.
- Flexible and expandible solution.
- K-array Connect mobile app for easy wireless access to the DSP features.
- DSP onboard with:
 - Channel Grouping: group controls over multiple channels;
 - Input EQ: 3 bands fully parametric equalizer;
 - Output EQ: 8 bands fully parametric selectable filters: Peaking, High-Shelf, Low-Shelf, High-Pass, Low-Pass, HP-Butterworth, LP-Butterworth
 - Dynamic limiters;
 - Signal routing: freely assignable input-to-output signal path with level adjustment
 - Channel delay up to 230ms;
- Accessories available for suspended and fixed installations.
